MILLER - LANIER

A. L. Miller Senior High

Lanier Senior High

MACON, GA.

VOLUME XXXI

We've tried to keep that which we thought was good and  
we've dared to be different in presenting this  
yearbook of  
Miller and Lanier,  
Macon's oldest senior high schools. It  
is with a feeling of pride that we present the  
book to you. It is with the hope that in it each of  
you will find something that pleases you and recalls happy  
memories to you of the year

May 31, 1962  
Dear Mother and Daddy,  
one week from tonight  
I shall graduate from  
high school! After June  
the seventh, life will be  
so different for me.  
In my eighteen years  
I've been so happy! I  
know I'm lucky to have  
had a home like you  
and parents like you!  
Other people have in-  
fluenced my life, but  
you are different! I  
if I had not met  
I think I would not  
have the ambition nor  
the opportunity for what-  
ever career I may choose.  
If you had not stressed  
the importance of educa-  
tion to me.

Because of you and  
what you mean to me,  
I dedicate this book about  
my high school days to  
you. Together, let's turn...

31 May, 1962  
Dear Mom and Dad,  
As my senior year at Janier  
draws to a close, I would like  
to honor you, my parents, in  
some way. Because of your  
trust and faith in me for the  
past three years, I dedicate  
the 1962 Miller-Janier annual  
to you. I have attempted to  
"let you in on" the happenings  
of this year. And, well...  
begin turning the pages  
and see what I've done  
for you...!

Here to be remembered is Mr. H. S. Lasseter, principal of Miller Senior High School. His influence at the school has been as outstanding and impressive as is this picture of him standing before the school he loves.

To you, Mr. Swann, our beloved principal, we pay high tribute. We know that your kind, fair, and reasonable relationship with all of us, your high devotion to duty, and your firm and able leadership have kept us on the right track and have helped us to uphold the high ideals of Lanier. You have kept the true meaning of our motto—"We Lead."

# AND THESE SCHOOL

# SCENES

It's an exciting moment in this game!

Two students learn to operate machines in a class in office practice.

Judy and Lawson paint a still life arranged by Roberta.

Laurie gives Mrs. Hanson, Sophomore advisor, the last of the coathangers in the drive.

Geneale Hawkins in Home Economics makes cookies for a vocational group meeting.

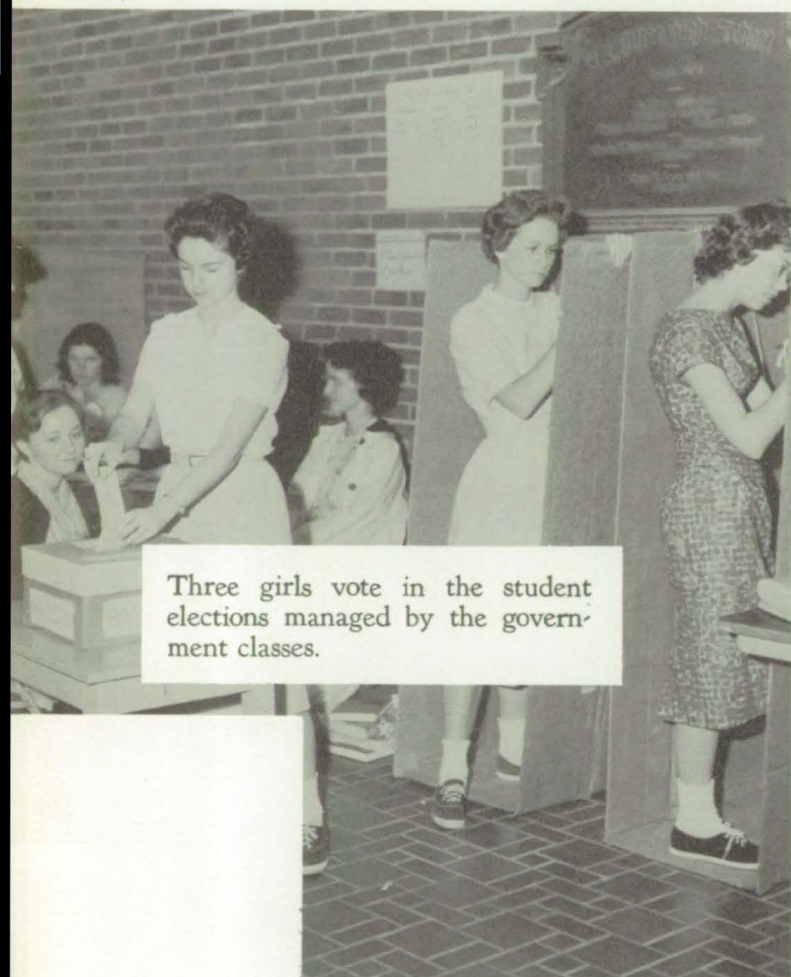

In the guidance room Jackie and Mitzi talk with Mrs. James.

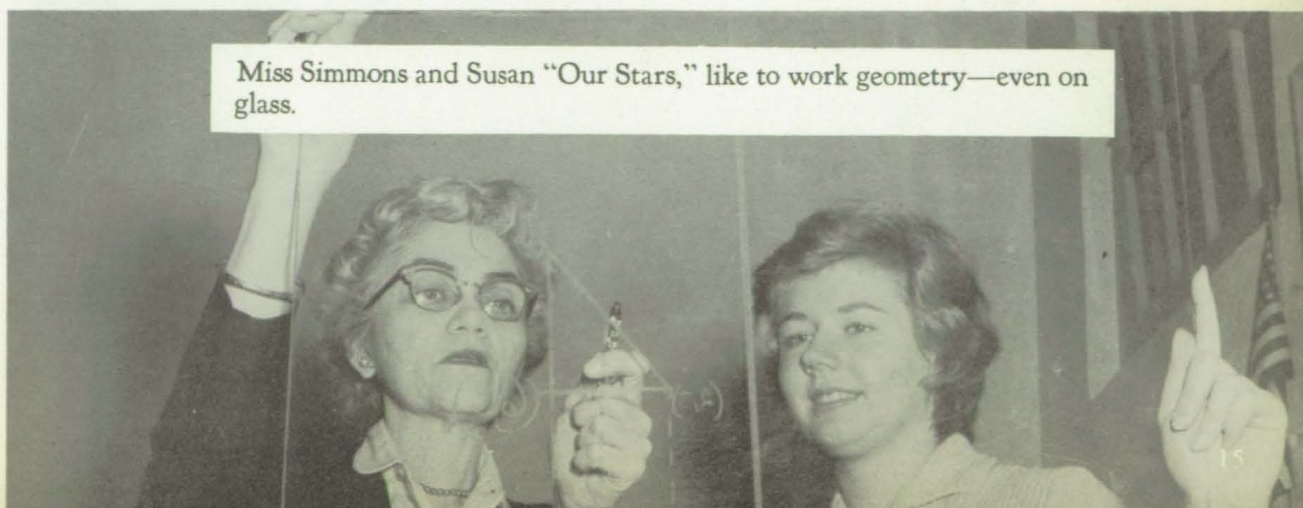

Miss Hudson directs her chorus class.

Three girls vote in the student elections managed by the government classes.

After the study of the heart in a biology class, Miss Pate watches as Linda listens to Martha's heart beat.

Miss Simmons and Susan "Our Stars," like to work geometry—even on glass.

# LANIER ADMINISTRATION GUIDES YOUNG MINDS TO CHALLENGING FUTURE

Brown

Gratigny—Lott

Various talents of many individuals combine to form Lanier's administrative department. Handling mail, records, registration, schedules and all the other facets which integrate to comprise a large school, these people strive to make Lanier an industrious, well run and efficient organization.

Lanier's teachers and administrators endeavor through guidance and instruction to prepare the young minds of today for challenges which they must face in the future.

## PRACTICAL ARTS STRESS USEFUL SUBJECTS

Among the courses in Practical Arts offered at Lanier are woodshop, sheet metal shop and agriculture.

By taking advantage of such courses in which they learn by working, students may be better prepared to enter adult society.

# SOCIAL STUDIES TRAIN LEADERS AND FOLLOWERS

Thornton

McElroy

Jones

Now as never before the youth of America must be educated in history and world affairs, because politics and culture of nations live as a result of yesterday.

The twentieth century has brought with it a vast advance in the field of science, a progression which seriously outstrips man's understanding of mankind. Where man once used bows and arrows, today he uses mechanical brains and nuclear weapons which can ruin whole nations in a few minutes. Possibly the answer for the future lies in the past.

History courses give leaders and followers of tomorrow insight into problems of today through the study of yesterday. In combined courses, students learn to understand people of other nations. Hence, social studies are a start toward better relations among nations, a significant element of peace.

## STUDENTS PREPARE FOR FUTURE VOCATIONS IN BUSINESS WORLD

Tomorrow's business leaders must be trained today. This thought is closely related to Lanier's Commercial Courses which include a variety of subjects.

Lanier offers Typing I and II, which give students knowledge of typing methods, letter forms and secretarial work; and Bookkeeping I and II, which instructs students in the technique of keeping office files and ledgers. Students who best utilize the variety of Commercial Courses adequately for their vocations.

## SCIENCE COURSES REFLECT SPACE AGE

Brown

Gazafy

Meeks

Neal

Clements

With the world advancing rapidly into the space age, the importance of science is constantly increasing. Lanier students are fortunate in having access to an adequate science curriculum which begins preparing them for the demands of this competitive age.

A course in biology offers the sophomore a chance to study life itself. Through projects, models, filmstrips, dissections of plants and animals and various other aids, a student becomes familiar with life processes.

Having studied life, students are taught the composition and changes of materials of life and its environment through the study of chemistry. Laboratory experiments, projects, workbooks, and classroom discussions are used in teaching principles of chemistry.

As biology and chemistry concern life in some form, physics deals with the inanimate side of science. In physics the student delves into motion, force, electricity, light reflections and other subjects dealing with material laws and processes.

## MATHEMATICS, ESSENTIAL IN ALL WALKS OF LIFE

At Lanier, students are offered a well-rounded curriculum of mathematics ranging from business arithmetic to special mathematics. Students enrolled in business arithmetic advance from bank procedures to other problems of the business world; whereas algebra covers the fundamental principles of mathematics. Students extend such basic facts to include quadratics, equations and graphs.

Some students elect to take plane geometry, which covers surfaces and lines, while others finish the plane geometry text and advance to matrices and vectors.

Seniors are offered solid geometry or trigonometry in which they master theorems and use sines, cosines and tangents.

High school mathematics is a basis for solving some of the problems that lie ahead for each student.

## STUDENTS CHOOSE FROM BROAD ENGLISH CURRICULUM

Early

Jones

Glass

Matthews

June 7—Graduation Day for seniors and the completion of a five-year study of their country's language, English. Entering Lanier with ninth grade English behind them, sophomores are faced with extensive grammar and composition study, climaxed by the writing of a short research paper. In literature they analyze short stories.

When students reach their junior year, they are encouraged to try creative writing. Each student is required to write a short story. Juniors also look deeper into the works of American authors such as, Whitman, Thoreau, Benet, and Frost.

Senior English deals with writing a detailed research paper using footnotes, and further practice in composition. Literature deals with a representative study of the literature of England from Beowulf to T. S. Eliot. Business English is offered for people who have decided to enter the business world.

Through a study of the English language and literature and their development, students can better understand the past and prepare for the future.

## LANGUAGE LABORATORY BEGINS NEW STUDY APPROACH

Communicating with the peoples of other nations has become vitally important in this shrinking world where Europe, South America and all other continents are only a few hours away. Aware of this fact, curriculum planners offer a student two foreign languages—French and Spanish.

Spanish students listen to taped dialogues, dramatizations of stories, and pattern drills spoken by a number of native speakers. Taking dictation, memorizing dialogues, and answering questions in near-native accents, they add a new and exciting dimension to their understanding of the culture and language of our neighbors to the South.

Students of the modern languages have the advantage of hearing their subject spoken in the new language laboratory. Through the use of tape-recorders, microphones and earphones, they are able to improve accents, comprehension and speed of conversation.

... dreams of being elected a superlative. Just think, only eight girls chosen from the seniors! Each senior nominates eight girls who she thinks are outstanding. It's not a popularity contest — and each girl elected is thrilled because she knows what an honor it is. I can still remember how hard it was for me to decide exactly upon the eight whom I wanted to nominate. I thought about what each had meant to the school and how hard she had worked in some school organization. And you know I'm so glad that now...

What an honor it is to be elected a superlative! These students have proven themselves as leaders particularly in accepting extra-curricular responsibilities. Chosen for and

that at Miller there is a plan - and it's strictly followed - that limits the number of clubs to which I could belong. I see it was checking in Art Club and I was restricted or not - that the plan was that good workable girls to be - enables more girls to be in organizations, and no one works herself to death in extracurricular activities. And then, too, I remember so many Music Club programs during on times and period (Music). Sometimes the programs in this club and others - that I most enjoyed simply amazed...

...enjoy being a member of one. The clubs at Lanier are organized to be challenging to the student. There are clubs for the scientific minded and for the literary minded, not to mention the service and honorary clubs. For everyone, no matter what he likes, are the

Test your matching ability with these two views of MAA.

Even rain doesn't dampen the spirit of Pep Club members. This group, led by the cheerleaders, did much to boost spirit.

## A black and white photograph of a wooden surface, possibly a table or a large log, covered with various items. In the top right corner, the words "ART CLUB" are printed in a bold, stylized font. The items scattered on the wood include a large globe, a model airplane, a camera, a megaphone, a large group photo of students, and several smaller individual photos. The items are arranged in a somewhat chaotic but organized manner, suggesting a display of art or a collection of memorabilia. The lighting is dramatic, with strong shadows and highlights.

The Americanism Club endeavors to prepare its members for responsible citizenship.

The runners-up for Best Citizen at Miller, Posy and Susan, admire the award given to Gini, Miller's Best Citizen.

Encouraged by Miss Early, John worked hard and became Star Student at Lanier.

Susan Gibson is

truly a credit to Mil-

ler for she is not

only our Star Stu-

dent but Bibb Coun-

ty's Star Student.

# HOMECOMING

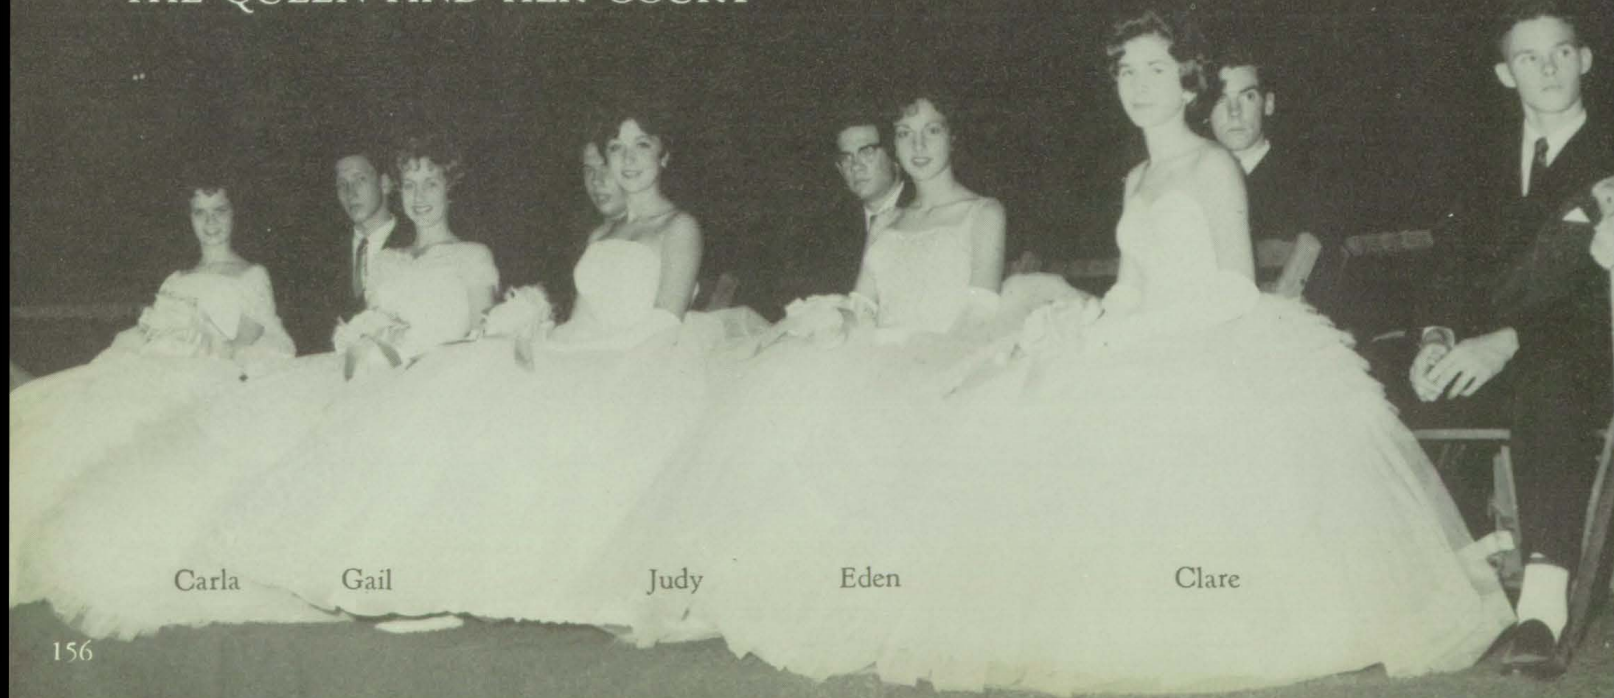

Bonfire . . . game . . . and dance combined to make this year's homecoming activities memorable for years to come. At the right, Judy yawns nonchalantly upon receiving the news of her election as Homecoming Queen.

Below, Judge Stephens escorts the Queen off the field as Henry Bowden presents the sceptor.

At bottom right, the girls in the Court mug the camera while their escorts enjoy the game.

"This is the most romantic I have ever seen this place."—Tom Portor

"Yup, Judy does look good."—Rick

"And now our honorary Queen for the night, Miss Clements."—Jay

"What do you mean we can't smoke in here?"

"It sure is getting hot! Let's walk outside."

"Jesse whoo? I thought Johnny Jenkins was playing."

"Yup, that's grass on the ramp!"

## DANCE

The above comments were taken at random from the many things said at the Homecoming Dance. Highlighting the evening was the presentation of two Queens, first Judy, then Miss Mary Ella Clements, who was crowned in recognition of the work she did for this dance.

# Announcing Antonia

"Will Antonia ever become a lady?"

"Concha never goes anywhere without Yucca."

Mary Elizabeth emerges as Antonia.

Who wants to waltz?  
Let's twist!

The Miller girls have the  
true Christmas spirit.

"Papa" Swann entertains the  
Faculty children.

Uncle Parker leads  
the carol singing.

The Beta booth is always a success. Everyone likes to go fishing!

Candied apples are everybody's favorite.

Miller girls are given a chance to save their money at the Miller Thrift Bank, operated by Sandra and Linda.

Majorettes add a special touch of spirit to the Band.

School news is spread by way of Miller-Lanier's "Grapevine" by Linda, Sandra, Mitzi, and Murray.

Shirley, Charles, Sandra, Jean, Barbara, Marsha, and Mary sell their supplies to Millerites each day.

...even though I was on  
 only one class team. I  
 was a loyal supporter  
 of my class at the Valley  
 Day, and especially at  
 ball night. I had so much  
 fun that night! I'll never  
 forget those crazy relays  
 and Millerites certainly do  
 support the Janier team.  
 I don't think the foot-  
 ball would have done quite  
 so well for our enthusiasm.  
 The QEP club surely  
 did help with school  
 spirit. There are those  
 to get girls to those  
 games! It's amazing how  
 much fun we have.

I think that the most  
 fulfilled, exciting moments I  
 had at Janier happened at a  
 Janier game. Whether it was  
 football, basketball, or  
 ball, the Boets always  
 a good, clean game  
 gave its oppo-  
 time. Y  
 team

...se-  
...played  
...and always  
...rent a hard  
...f, track, and tennis  
...maintained the "We  
...ad" tradition of Lanier  
...too. Win or lose, I'm proud  
...of Lanier's teams....!

# SPORTS

# AT MILLER

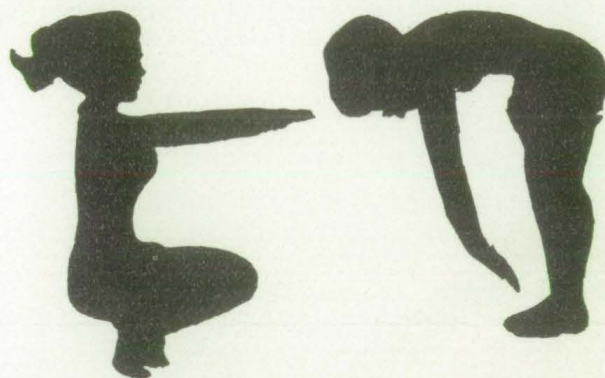

Emphasis is placed on a planned, well-rounded program of athletics. But there is much time for recreation and fun in the Miller Gym.

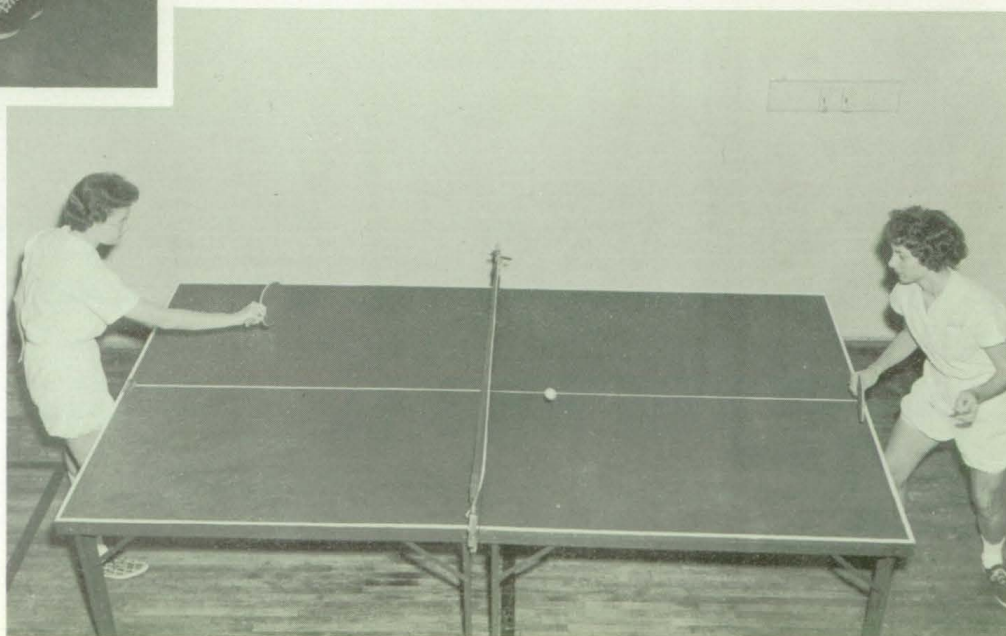

No wonder the girls have so much fun! Who wouldn't with Rosalyn and Deanne! Here, they demonstrate an exercise.

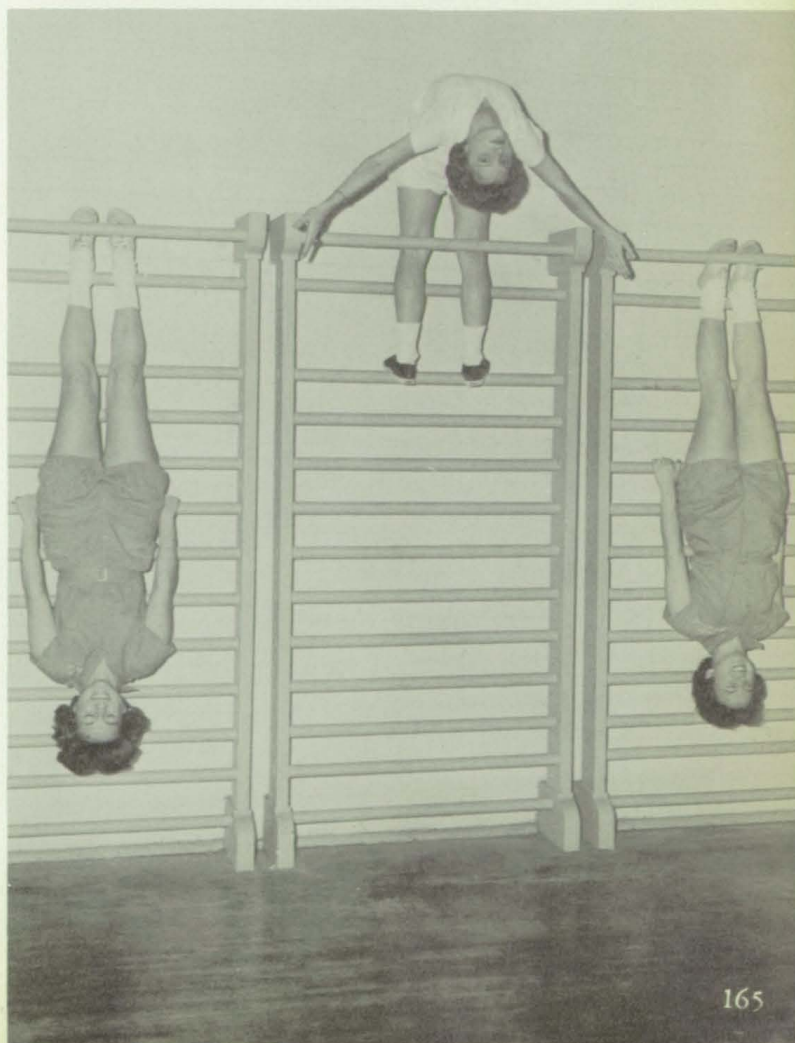

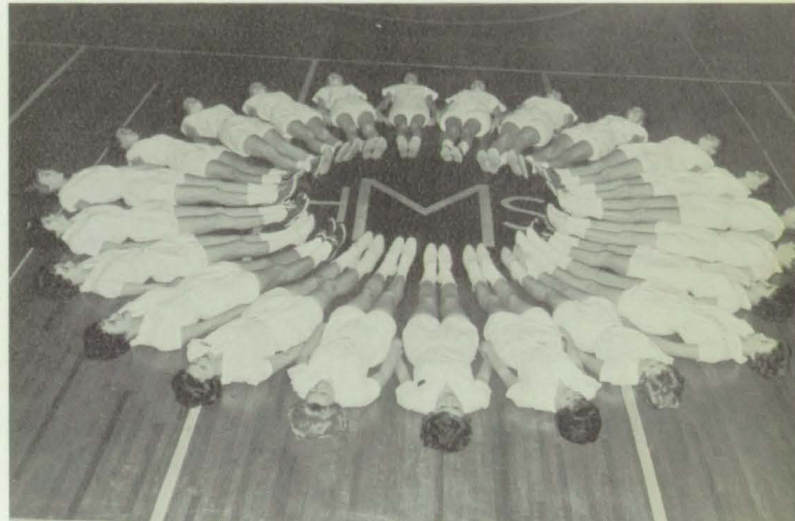

Karen and Judy . . . "Good Posture? How can you tell with a piece of rope?"

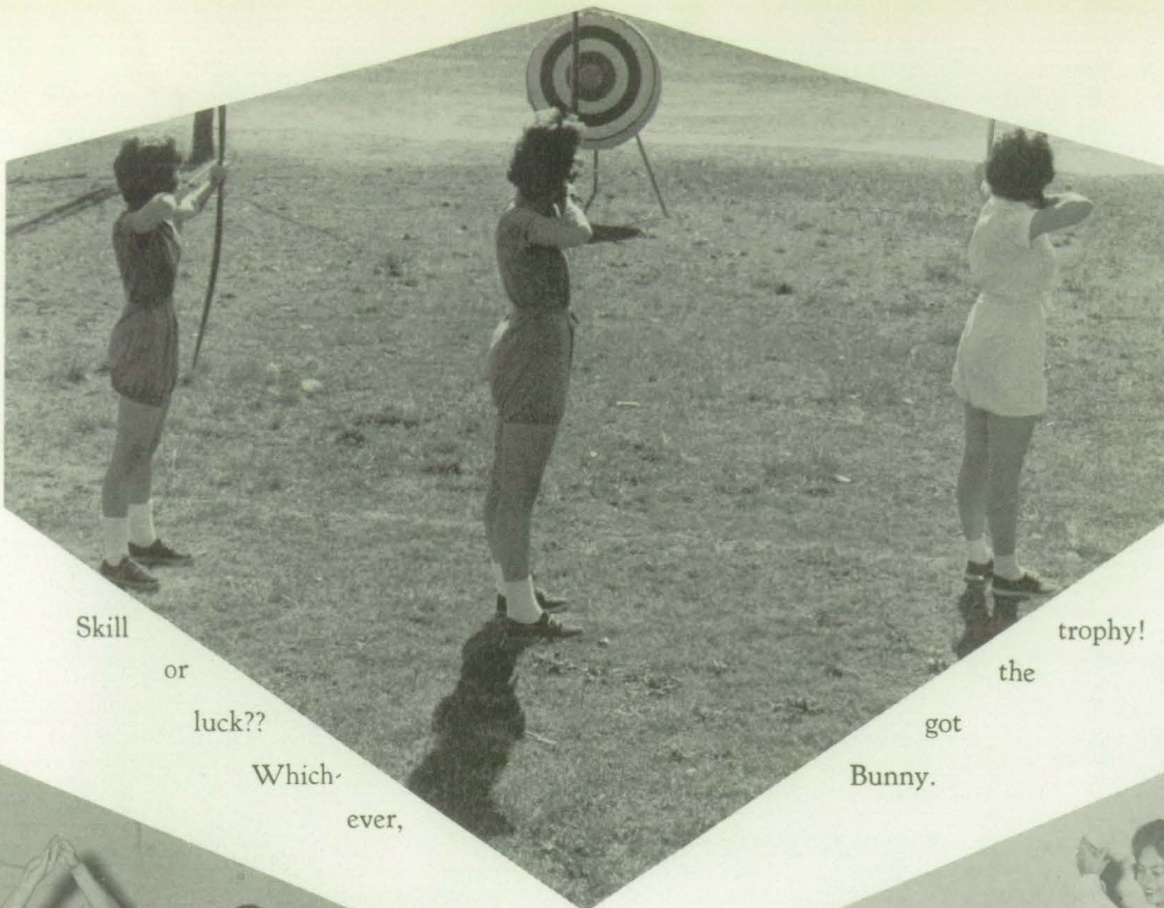

They may not be champions—but Jane and Paula are certainly trying to master the technique of the game.

Carole

Here's a familiar site!

Notice the hole?

Nancy and Sylvia give some helpful pointers to badminton players.

Poor Susan . . . the trials of a gym assistant!

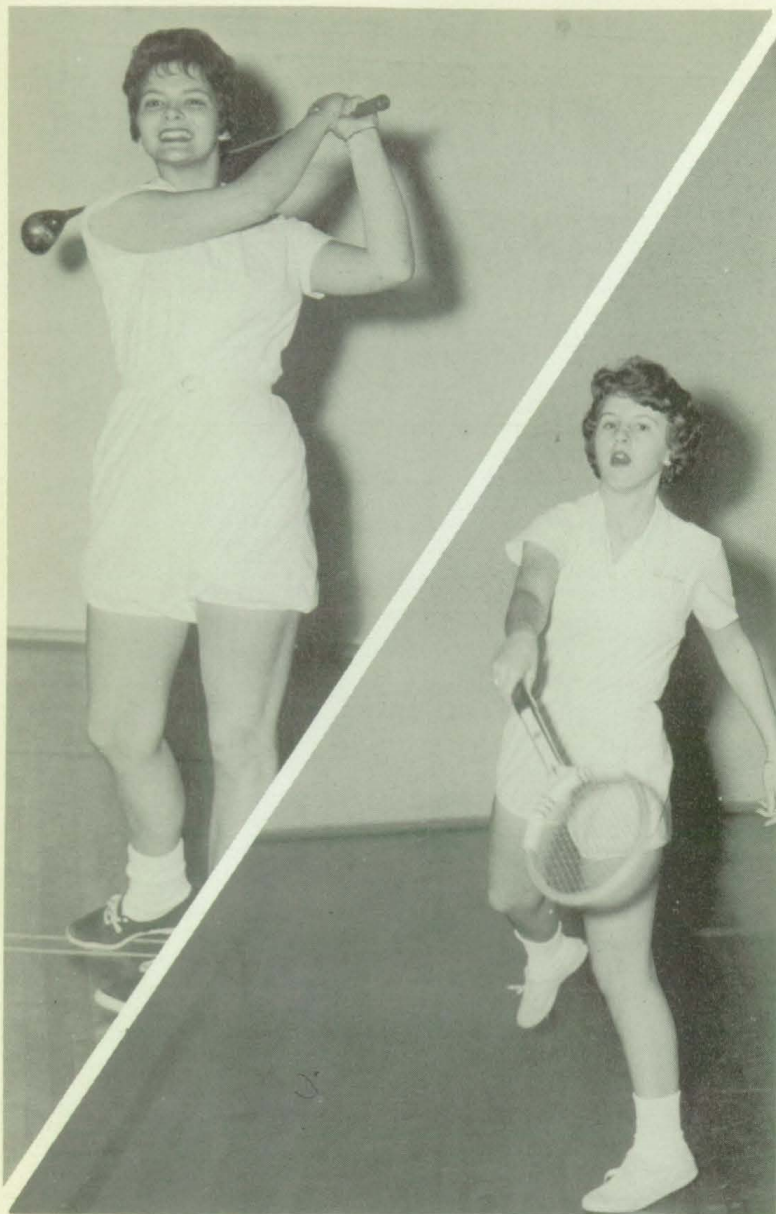

No partner . . . no opponents . . . on scorekeeper . . . Sue's just practicing.

How do they do that?  
Sam wonders, too!

Backswing . . . contact . . . follow through .  
Sandra improves her serve.

Diana follows through with a big smile.

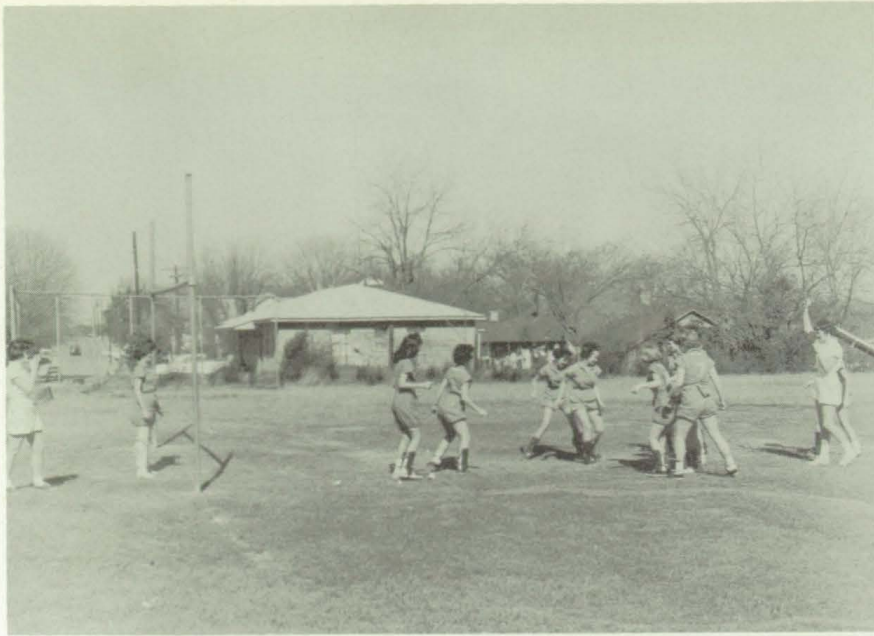

Mary Ann doubles her fun with Ann as a jump rope partner.

Oh! Oh! Aching feet! Those many trips around the field will *never* be forgotten!!

Whee-e . . . foul on No. 7 . . . Frannie and Ora Sue watch for dangerous kicking.

Jump . . . all eyes on the ball . . . especially Donna's and Barbara's.

Going up . .  
or coming  
down . . only  
Kay knows!

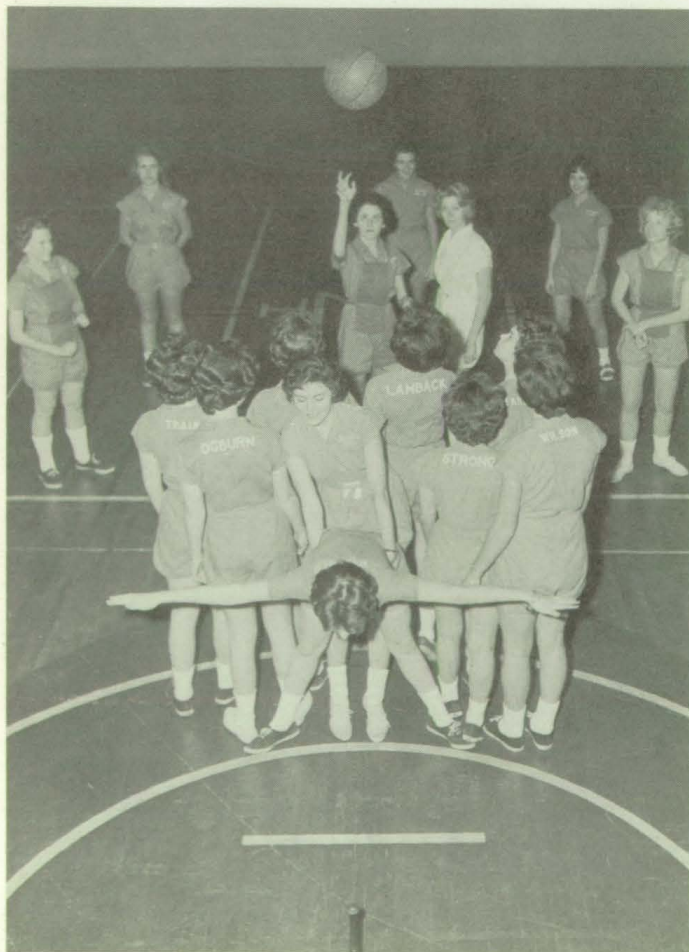

Volleyball tournament . . . a hard-fought game  
. . . Juniors won!

Seniors show undaunted spirit as they cheer their  
class advisors.

Kay watches for line violations . . . a point or a  
headache?

Janice and Carol show the importance of protective  
equipment in softball.

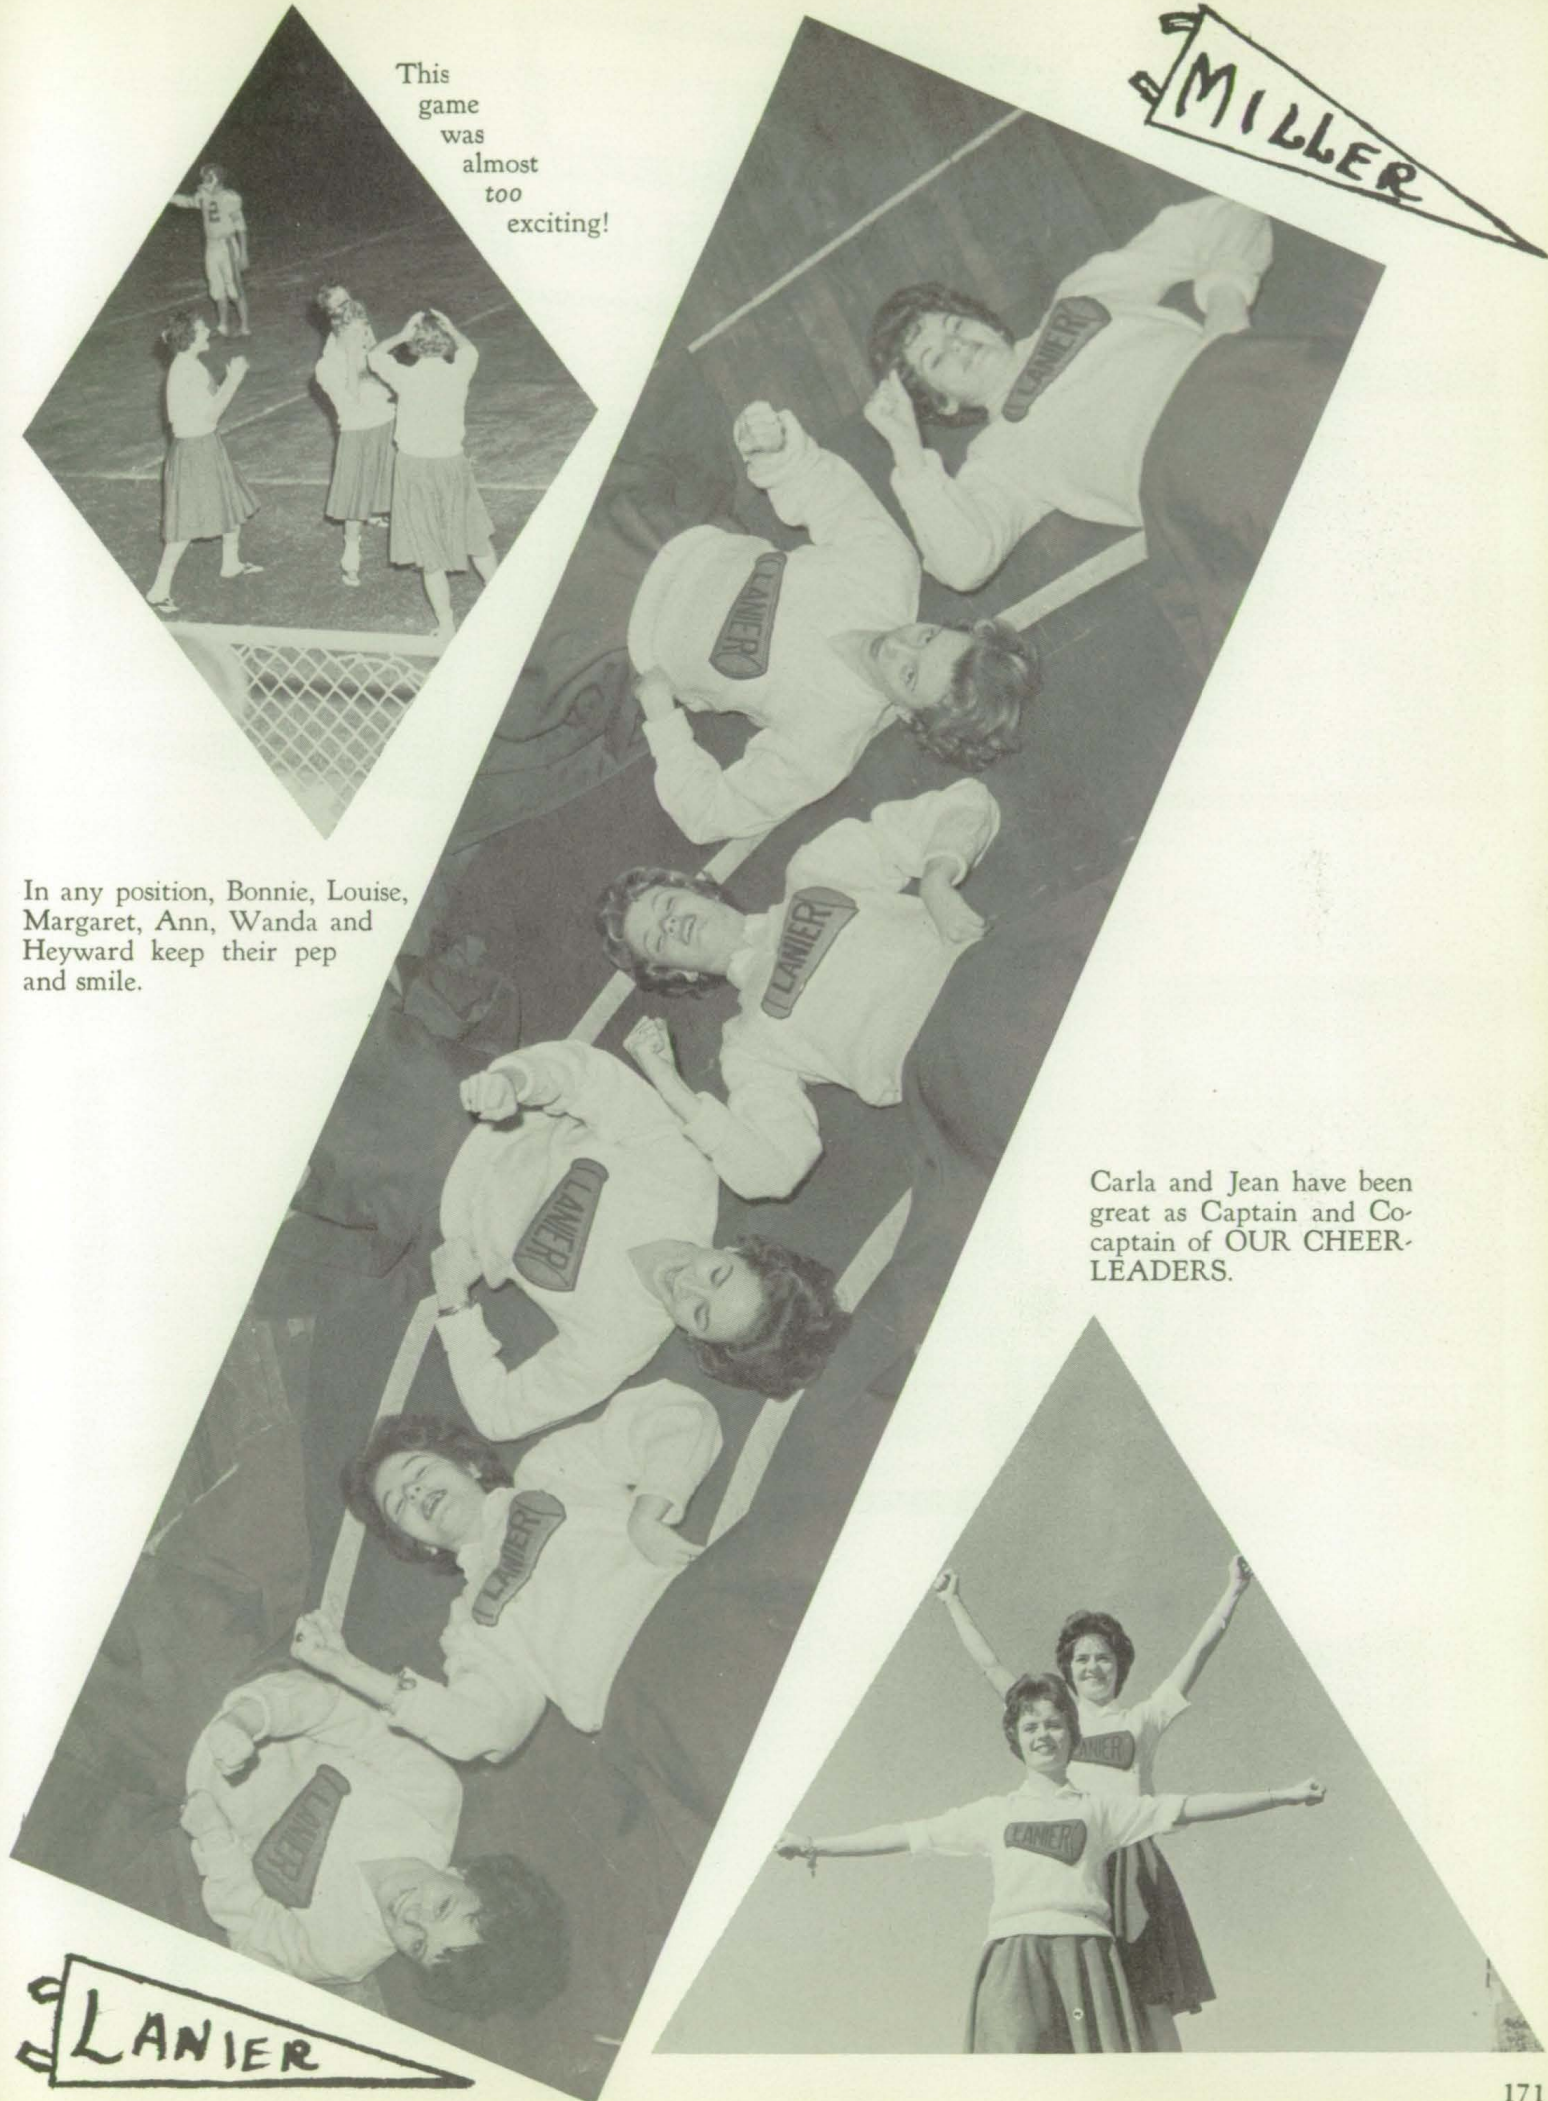

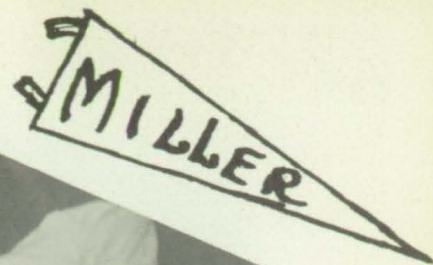

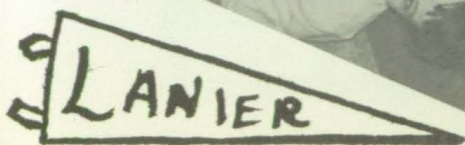

This  
game  
was  
almost  
too  
exciting!

In any position, Bonnie, Louise, Margaret, Ann, Wanda and Heyward keep their pep and smile.

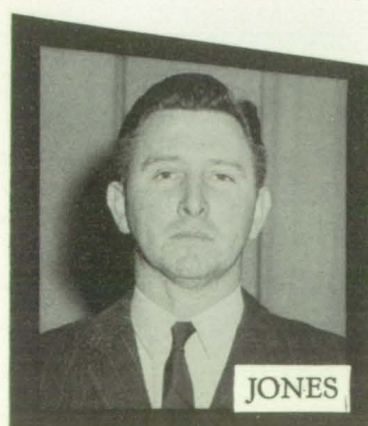

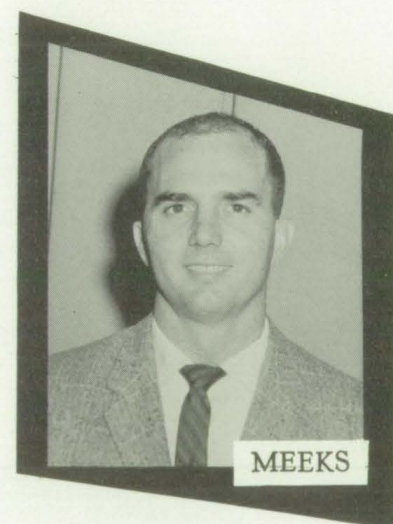

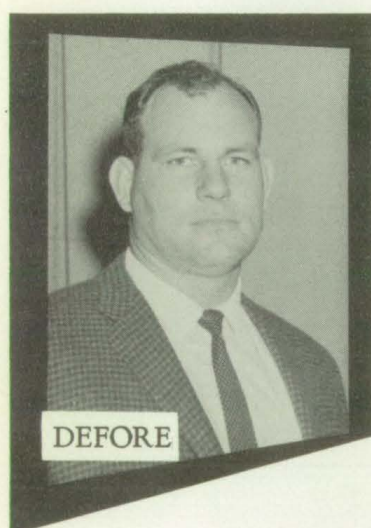

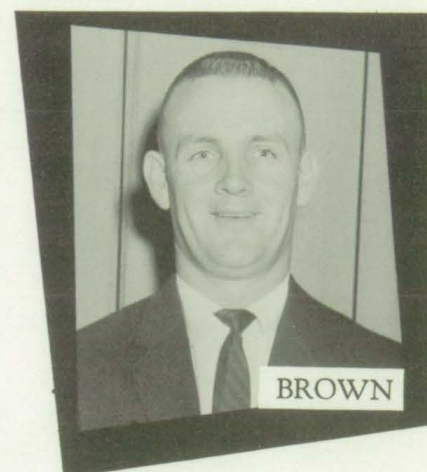

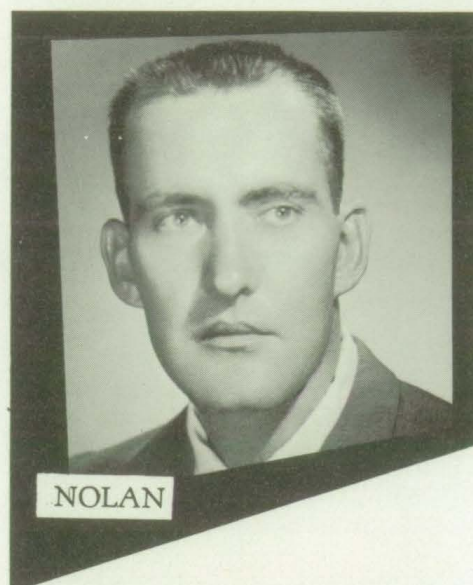

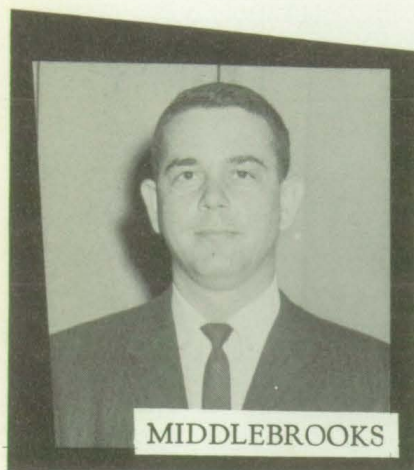

Carla and Jean have been great as Captain and Co-captain of OUR CHEER-LEADERS.

# TENNIS

Prospects for the 1962 Lanier Tennis Team are, left to right: Haynes Willingham, Billy Mabry, Jerry Rogers, and Arthur Cochran.

On the morning after — I bet I was at school at 8 o'clock! I wanted everybody to see my beautiful, shiny buttons! Of course, I don't know how anyone could have missed noticing them! On my heavenly blue dress I thought they would sparkle like diamonds — and they did! Girls at school had teased me about being a "B.C." — you know, a "button chaser"! That was not true at all — I had no idea I would get his buttons. Just because I had had a few dates with him, a captain, people began to tease me. Oh, those maddening days!

But — all is over now — the Sponsors' Parade, Military Ball, and Competitive Drill! It makes me rather sad...

...that's one occasion I won't forget. The night of the reading of the General Order was very exciting. But that was only the beginning. The choosing of beautiful sponsors and colors followed. The race for first place were great. Battle...

It is said that great men are known by their deeds; then truly Major Cox was a great man. His relentless work with charitable organizations and youth groups is well known.

Lanier students can recall "the Major" as a personal friend of each and everyone. His passing away has left a vacancy in the life of each and every Lanierian.
